🚀 GigaLab'24 is Back with New Challenges! 🚀

We're excited to announce that GigaLab'24 is back, and this year it's bigger, better, and packed with NEW challenges! Get ready to push the boundaries of innovation as we dive into gigabit and 5G applications that will shape the future.

- 📅 **Event Dates:** November 27th & 28th, 2024
- 📍 **Where:** weXelerate, Praterstrasse 1, 1020 Vienna
- 💡 **Who:** Whether you're a startup, student, developer, or creative, everyone is welcome to participate. Choose your challenge and make a difference with your innovative ideas!

New Challenges for 2024:

- E-Government & Public Infrastructure
- Education & Training
- Entertainment, Culture & Media
- Healthcare
- Mobility
- Organizational Processes & New Work
- Security & Manufacturing
- Sustainability & Industrial Production

Why Should You Participate?

- 💡 **Innovate:** Work with your team to develop cutting-edge ideas that solve real-world challenges.
- 🛠️ **Receive Support:** Get valuable insights and support during the idea creation phase from over 20 experts from leading corporates, scientific institutions & the startup scene.
- 🌐 **Network:** Connect with industry leaders, startups, and experts from across the globe.
- 🗣️ **Pitch Your Idea:** Showcase your solution at the parallel future forward event and compete for the GigaLab Award, with a chance to claim your share of the €10,000 prize pot!
- 🍷 **Enjoy Free Participation:** Including food, drinks, and access to all events.

Ready to take on the challenge?

👉 Register now and choose your challenge before November 13th, 2024: <https://gigabit-academy.b2match.io/>

Let's shape the future together at GigaLab'24!

Newsletter Text Shorter Version (GigaLab Explanation)

🚀 Coming Soon: GigaLab'24 on November 27 & 28! 🚀

We're excited to announce that GigaLab '24 is just around the corner! Join us for two days of innovation, where participants come together to tackle digital challenges using gigabit and 5G technologies.

What is GigaLab?

The GigaLab is an idea lab designed to foster collaboration and problem-solving around real-world digital challenges. Our motto: "Driving digital innovation through gigabit connectivity."

Are You Ready for a Challenge?

- Choose a challenge
- Work with your team to develop solutions on both days of the event.
- Pitch your idea at the Future Forward event on November 28th and compete for the GigaLab Award!

Why Participate?

- 💡 Learn how to create solutions for gigabit challenges with guidance from over 20 experts.
- 🌐 Connect with startups, companies, and innovators from around the globe.
- 🏆 Win the GigaLab Award and claim your share of the €10,000 prize pot!
- 💰 Discover funding opportunities to bring your project to life.
- 🍷 Free participation, food, drinks, and plenty of networking opportunities!

Save the Date – GigaLab '24 is happening on November 27 & 28. Registration is open now. Don't miss out! 📄 <https://gigabit-academy.b2match.io/>

Warm regards,

Gigabit Academy Team
