ETH Robotics Student Fellowship

Robotics has become one of the biggest fields of education and research worldwide with strong societal and economic impact. The ETH Robotics Student Fellowship (ETH RSF) program offers graduate students the opportunity to research alongside experts on the specific topic of robotics of their choice. This fellowship takes place mainly during summer (July - August) and is open to all students worldwide. The Center for Robotics at ETH Zurich is committed to fostering and cultivating a culture of diversity and equality.

The Center for Robotics at ETH Zurich offers the Robotics Student Fellowship to allow graduate students to carry out cutting edge research in different areas of robotics. Fellowships will be competitively awarded every year to a number of student applicants with excellent track records and an interest in research.
