
- exclusive booking phase for the timetable coordinators (SPK)
- bookings of this phase have highest priority
- Phase II can only start once phase I has been completed

- serves to reactivate the courses
- new time slot courses can be created, but the reactivated ones must be considered first
- at the end of the phase starting from 04.07.22: authorisation and conflict management according to the priority list

- already confirmed reservations have priority
- new courses/ events can be created
- reactivations are only possible without taking over the scheduled slots.
- conflict management provided by respective authority to approve bookings and the event coordination specified in TISS

Bookings made by SPK
