Login

TU Account Login

- Student number
- TUW password
- Multi-Factor Authentication (MFA)

The screenshot shows the TU Wien Login page. At the top right is the TU Wien logo. Below it, the title 'TU Wien Login' is displayed. A yellow banner contains a message about mandatory Multi-Factor Authentication (MFA) starting April 1, 2026. Below the banner, there are three input fields: 'Username', 'Password', and 'Multi-Factor Authentication Code'. These fields are grouped by a red rectangular border. Below the input fields is a blue 'Log in' button. A hamburger menu icon is visible in the top left corner of the page.

TU Wien Login

Since April 1, 2026, multi-factor authentication (MFA) is mandatory for TUaccount and TUvpn. If you have not yet activated it, log in with your username and password and follow the steps to activate MFA. Instructions can be found [here](#).

Enter your username and password

Once you're enrolled in a course, it will appear here.

Profile

The screenshot shows the TUWEL dashboard interface. At the top, there is a navigation bar with the TUWEL logo, a language selector set to 'DE', and tabs for 'DASHBOARD' and 'MY COURSES'. On the right side of the navigation bar, there is a user profile icon with a dropdown arrow, which is highlighted with a red box. A dropdown menu is open from this icon, listing options: 'Profile', 'Grades', 'Calendar', 'Messages', 'Private files', 'Preferences', 'Language', and 'Log out'. The 'Profile' option is also highlighted with a red box. A large blue arrow points from the 'Recently accessed items' section towards the 'Profile' option in the dropdown menu. Below the navigation bar, the 'Dashboard' section is visible, containing a 'Recently accessed items' box with a 'No recent items' message and a 'Course overview' section with a message stating 'You're not enrolled in any course'.

Course Enrollment

All TU Wien courses are listed in TISS. Courses that provide a TUWEL course are marked with a corresponding "TUWEL course" link.

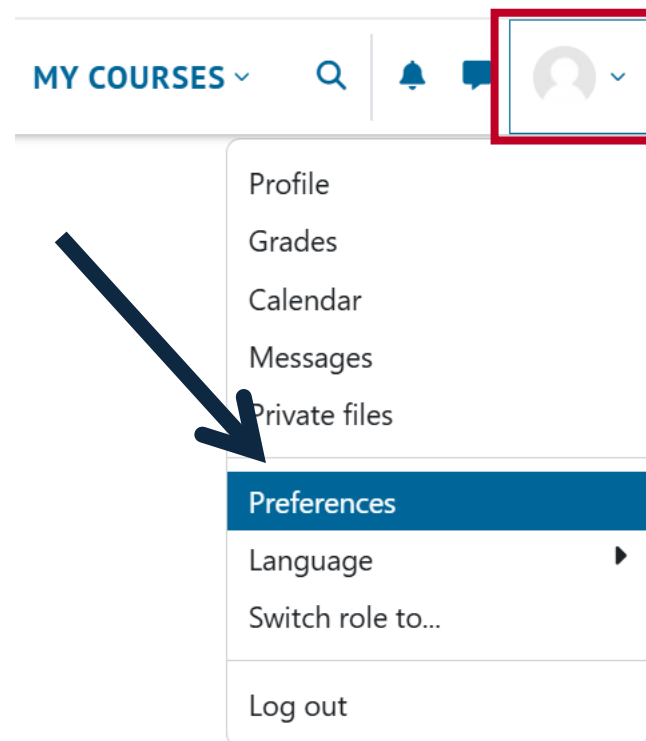

Dashboard and Favorites

Use the three dots on a course card to mark courses as favorites and access them later via the filter or star icon.

Notifications

Adjust your notification settings.

Forum Notifications

- You can also customize your forum notification settings.
- For example, whether you want to receive emails individually or as a digest.

Preferences / User account / Forum preferences

This screenshot shows the 'Forum preferences' settings page for 'Multimedia Mika'. It includes a 'Message' button. The 'Email digest type' dropdown is open, showing options: 'No digest (single email per forum post)' (selected), 'No digest (single email per forum post)', 'Complete (daily email with full posts)', and 'Subjects (daily email with subjects only)'. Below this, the 'Forum tracking' section has a 'Forum tracking' dropdown set to 'Yes: highlight new posts for me' and a 'When sending forum post notifications' dropdown set to 'Mark the post as read'. At the bottom, there are 'Save changes' and 'Cancel' buttons.

Communication

Ask questions in course forums. Answers usually come quickly, otherwise use the messaging function.

Language Change

- You can switch the TUWEL interface language from German to English (and vice versa).
- **Please note:** Course content does not change automatically!

Calendar

- You can find important dates in the calendar, including deadlines and assignment availability dates.
- Also check the timeline on your dashboard.
- Use the calendar export feature as well. Unfortunately, calendar synchronization is not available.

Content and Resources

- Open your TUWEL courses regularly (for example at the beginning of each week) to stay organized.
- **Tip:** With the Download Center, you can download all files from one central location

Tests and Quizzes

- Before taking a test in TUWEL, check the requirements (password, IP restriction, VPN, etc.).
- Also check whether multiple attempts are allowed and whether there is a time limit.

Attempts allowed: 2

To attempt this quiz you need to know the quiz password

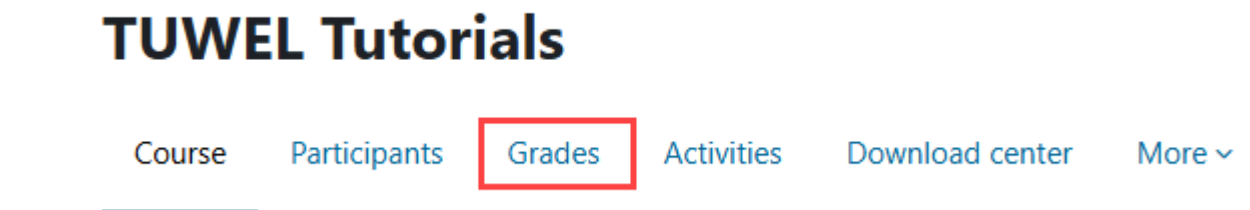

Grading method: Last attempt

Grade to pass: 5.00 out of 15.00

Points, Grades and Marks

In the navigation menu, the “Grades” option allows you to view course-specific assessments such as points for assignments or tests.

LectureTube

- for video recordings and live streams
- Integrated into TUWEL

The screenshot shows the TUWEL interface. At the top, there's a navigation bar with 'LectureTube Live' and 'LectureTube Video'. Below this, the 'LectureTube Live' section is active, displaying a large video player with the TUWEL logo and 'LectureTube Live' text. To the right, there's a list of video series, including 'LectureTube Video - Episode (Quelle: LVA "302.671 Grundlagen der Thermodynamik")' and 'LectureTube Video - Serie (Quelle: LVA "302.671 Grundlagen der Thermodynamik")'. Below the video player, there's a grid of video thumbnails, each with a title, date, and duration.

Additional Tips

- Use an up-to-date browser.
- Firefox, Chrome, and Edge are recommended.
- Most content works better on a computer than on a smartphone.
- Please do not use the app.
- Get VPN access as soon as possible.

You can get more information about VPN, TISS, TUshop, TU-Account and related services during the **Campus IT** presentation (**Kuppelsaal**).

Where can I find help?

Info-Portal

- Please use only for technical problems!
- Otherwise, your lecturer is the right contact person!
