

# Admission Questionnaire ProWriting 2024

Please complete this questionnaire carefully, the answers you give will be the key criteria in the selection of candidates for the course.

**Please enter your name \***

surname

given name

**Your email address: \***

**Your gender \***

**Describe your research position \***

e.g., PreDoc - early/middle/late stage, PostDoc since (year).

**In which year do you plan to have or did you have your defense? \***

**Shortly describe your research area/topics, identifying the Scientific Community of the proposal you want to develop as part of the course ProWriting 2024. \***

**Shortly describe whether your research is more basic or applied research. \***

you may select both

basic

applied

**Identify the main target audience of the proposal, e.g., a Scientific Community or a business sector. \***

**Explain the urgent funding need that the planned proposal should address. \***

e.g., financing of X person years starting in year Y

**Will you need to write (or help writing) a research proposal for funding your future position? \***

**How many research proposals did you (substantially help) writing in the last three years? \***

**How many of the research proposals to which you substantially contributed were accepted in the last three years? \***

**Do you intend to improve a project proposal that was submitted, but not accepted? \***

**For the proposal that you want to develop as part of the course ProWriting 2024: will you take the role of the Principal Investigator (PI), i.e., the leader of the proposal, or of a project team member? \***

**If you will not be the PI, who will take the role of the PI? \***

**The PI needs to have a sound expertise, i.e. a good track record in the target scientific community and/or experience/involvement in project management. Name a relevant journal paper, project, or patent that supports the track record of the planned PI. \***

**Name the key roles of the planned project team. \***

e.g., PreDoc X, PostDoc Y

**Name your mentor in your faculty at TU Wien. \***

e.g., your supervisor or research area lead

**Propose at least one person from your faculty at TU Wien that would be qualified to provide feedback on your research proposal. \***

Do not nominate your mentor here.

**Do you commit to sufficiently prepare for and take part in all Presence Days in March, May, and June, each day 09:00 to 18:00 at TU Wien? \***

**Do you commit to treat the course materials confidential, so the course participants can freely share their contributions? \***
