

Ultrafast Optics Symposium 2018

September, 21st 2018, Vienna

Boecklsaal, TU WIEN, Karlsplatz 13

Program

13:30 Welcome

Andrius Baltuska
TU Wien, Austria

13:45 Ted Hänsch

MPQ Munich, Germany
"Laser Spectroscopy of Hydrogen -
The Endless Frontier"

14:30 Tony Heinz

Univ. Stanford, USA
"Seeing electrons in two dimensions"

15:15 Coffee Break

15:45 Paul Corkum

Univ. Ottawa, Canada
"The Link between High Harmonics from Gases and Solids
- Attosecond Science Then (1993) and Now"

16:30 Yuen-Ron Shen

UC Berkeley, USA
"Ultrafast Surface Dynamics"

17:15 Ferenc Krausz

MPQ Munich, Germany
"Attosecond science: from basic research
to real-world applications"
