# WASTE RECOVERY & FINAL SINKS FOR A SUSTAINABLE ECOLOGICAL TRANSITION

Politecnico di Milano,  
Campus PIACENZA,  
June 5<sup>th</sup> - 7<sup>th</sup> 2023

## 6° MatER Meeting 7° International Conference on Final Sinks

(C) Ansborg.com - Claude Monet - Paris - 1872 - 1873

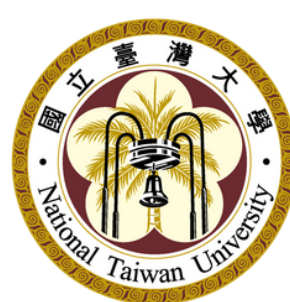

Claude Monet 82

The event arises from the link between the fundamental goal of MatER and Final Sinks conferences. The first one aims at providing a thorough, objective representation of technologies and policies for material and energy recovery from waste, thereby contributing to move toward sustainable waste management. The second one addresses different topics regarding the handling of material flows and stocks from the resource and waste management perspective. The 3-days Meeting will comprise presentations over these indicative subjects:

- Waste prevention and management
- Material & Energy recovery from waste
- Final Sinks
- Innovative technologies and digital solutions
- Environmental sustainability
- Normative and Economic framework
