

CV of Univ.Prof. Dr. Stefan Szeider

Since 2010, Stefan Szeider has been a professor at the Faculty of Informatics at TU Wien, where he chairs the Algorithms and Complexity Group, the Vienna Center for Logic and Algorithms, and the logiCS@TUwien MSCA doctoral program. Before he joined TU Wien, he worked for several years at universities in Canada and the UK. He was the first Austrian Computer Scientist to receive a grant from the European Research Council (ERC Starting Grant 2009). Szeider's research focuses on developing and analyzing efficient algorithms for problems arising in Artificial Intelligence and Automated Reasoning.
