

# Internship 6-12 months with Master Thesis– Sustainability Reporting (ESG)

20h/week

m/w/d

## WHO WE ARE

Founded in 2019, EIT Manufacturing was conceived with a bold vision: to uphold Europe's leadership in global manufacturing. Committed to this ambitious mission, EIT Manufacturing serves as a catalyst, bridging the gap between scientific breakthroughs and marketable innovations. By fostering collaboration and integration across fragmented networks, EIT Manufacturing nurtures dynamic ecosystems where ideas flourish and transformative technologies take root.

At the heart of our endeavor lies the pursuit of faster innovation, driven by the conviction that it holds the power to enhance daily living, propel progress towards Europe's climate objectives, and equip its workforce with the skills needed to navigate the challenges of tomorrow.

## WHERE ARE WE LOCATED?

EIT Manufacturing's Impact Centers (IC's) serve as pivotal hubs, strategically positioned to forge connections between regions boasting vibrant manufacturing landscapes and cutting-edge technological advancements.

With its headquarters in Paris, EIT Manufacturing coordinates its activities via six Impact Centres placed in key areas. These centers are strategically located in Darmstadt (Central), Vienna (East), Gothenburg (North), Milan (South), Athens (Southeast), and San Sebastian (West).

### This position

The role will be located at EIT Manufacturing Impact Center East, in Vienna (Austria).

## How to Apply

A complete application should consist of:

- a full curriculum vitae,
- a covering letter describing briefly how you meet the criteria outlined and your vision for the role

The application should be sent via e-mail to:

[hr.east@eitmanufacturing.eu](mailto:hr.east@eitmanufacturing.eu)  
with the subject "EIT Manufacturing Sustainability  
Reporting (ESG) Vienna"

Only complete applications will be evaluated.

## ABOUT THE POSITION

This role offers a unique opportunity for a Master's student with a passion for sustainability to gain hands-on experience in shaping ESG (Environmental, Social, and Governance) reporting for mid-sized manufacturing companies. You will be at the forefront of developing and testing innovative ESG solutions that support companies integrated into large value chains. By conducting research, evaluating reporting tools, and analyzing ESG data, you'll help create practical, scalable reporting processes. Additionally, you'll have the chance to collaborate on real-world pilot projects, ensuring the implementation of effective and impactful ESG strategies.

## WHAT WE OFFER

- A chance to work on real-world ESG challenges with direct impact on sustainability reporting for SMEs in the manufacturing sector
- A dynamic, proactive, and multicultural working environment in a growing international firm
- The opportunity for full-time employment after successful completion of the thesis
- Fast processes, straight internal communication, low hierarchies, and freedom to operate
- Family atmosphere within a dynamic team at modern and well-located office facilities
- Pluxee meal bonus
- Laptop, iPhone
- Minimum annual gross salary of €18.000

## WHAT WE EXPECT

- You're currently enrolled in a Master's program in International Management, Quantitative Finance, Strategy, Innovation and Management Control, or a similar field
- Strong analytical thinking skills and joy in working with numbers and ESG-related data
- Basic understanding of IFRS and, ideally, GRI and ESRS
- Experience in the usage of data analysis tools
- Self-motivated personality, organized, and capable of juggling multiple tasks and deadlines
- Previous job experience or internships in related fields (e.g., sustainability, management, finance) is a plus
- Languages:
- You're proficient in German and English at a minimum B2 level
- An additional language (Croatian, Czech, Hungarian, Serbian, Slovak, Slovenian) is considered a plus

## PROTECTION OF PERSONAL DATA

Candidates' personal data are processed as required by Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation).
